Part B for March 1954

SUBJECT

Water Supply Connection to Regulated Market area in Davanagere city Municipality

WD 01425—GPB—25 000—1 9 1952

To, The Municipal Comm Davanagere
Controller, S A S
Auditor, Bangalore corporation
L 17266-9/ Dated 24 3 54
Sanctions

PRR.

Serial No

Letter No M. P.R 18/53-54 dated 16.8.53 from the Municipal Commissioner, Kasaragode — forwards estimate and requests sanction of Government for the enhanced estimate for Water Supply connection to Regulated Market area in Kasaragode

(1) The original D.O. has been received from the A.D.F Branch and this may also be forwarded to that Branch for necessary action.

(2) The letter of the Municipal Commissioner discloses that the estimate for the work is split up. This is highly irregular. Splitting up of the estimate is evidently done with a view to avoid higher sanction. The way in which this Municipality executes Public Works is far from being satisfactory. In the Municipal Branch there is a separate file on the irregularities committed by the officials of this Municipality in the execution of several works relating to the Regulated Market-area and caution is taken hereon to call for the explanations of the concerned. There are always deviations in this Municipality from regular Procedure and Rules Prescribed for the execution of works. There appears to be no end to these irregularities

(3) The pipes collars etc have been issued from the Stores of the MI cl and the MI cl have called for tenders for labour portion thereof the case worker note that there has been splitting up of the estimate

14/5

(4) As per A 245 of the Municipal Accounts Manual, estimates for works should be drawn up in form 69 appended to the manual and should consist of a report, a detailed statement of measurements, and quantities and an abstract showing the total estimated cost of each item.

(5) Form 69 also prescribes the recording of the following certificates:-

(1) A Certificate of having carefully measured the work required to be done so far as can be foreseen and of having included every thing required in the estimate. (to be recorded by the divisional overseer)

(2) A Certificate of having carefully examined the site of work and to include every thing considered necessary for completing the work (to be recorded by the Municipal Engineer)

(6) It is clear from the provisions mentioned above that the estimate should include both

Water Supply connection to Regulated Market area in Davanagere City

WD 02201—GPB—10 000—7 1 53

Serial No

6) the cost of material and labour and everything required for completing the work so as to reflect the total cost of the work in its entirety After approval of the estimate, it would be open for the Municipal Council to call for tenders for any part of the work they may deem necessary It does not however absolve the need for including in the estimate the non-tendered items also which ought to go in the estimate The Municipal Council in this case has sent the estimate for the labour portion of the work only excluding the materials to be used the estimate is therefore split up into two parts — one for labour and the other for material — confirming to Rules for orders.

Subject - Water Supply connection to Regulated Market area in Davanagere City

-- 0 ---

I write to state that in G O No A F 672-5/Mart 39-49-2 dated Bangalore 15/19th April 1950 the work of providing water supply for Regulated Market area was entrusted to Davanagere City Municipality Accordingly the Municipal Council in their resolution No 30 dated 25th April 51 sanctioned the estimate for providing 6" feeder pipe line to Regulated Market Area from R C C Tank at a cost of Rs 32,000/- It will be kindly seen from the estimate that the cost of materials amounting to Rs 27,475/- and the charge for laying the pipe line amounting to Rs 4525/- have been provided The pipe line, teas, colbars and other equipments have beeb issued from the Municipal stores, valued at Rs 19,015/- and intermediate bills towards the labour charges amounting to Rs 3917-11-0 have been paid

Tenders have been called for only for labour portion and the work was entrusted to Sri B Murigappa whose tender was lowest and duly approved by the Municipal Council on 29-6-51

Accordingly the work was entrusted to Sri B Murigappa for execution The Municipal Engineer has now submitted the final bill for payment As the estimate exceeds Rs 5,000/- it requires sanctioned of Government

Since the sanction of Government was not obtained at the commencement of the work and as the work is now completed and the final bill is not paid, I request that the Government be pleased to sanction the estimate for taking further action in the matter Resolution copy enclosed
